Publication Scheme Policy

Ashfield Girls' High School's Publication Scheme

on information available under the Freedom of Information Act 2000

The governing body is responsible for maintenance of this scheme.

1. Introduction: what a publication scheme is and why it has been developed

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all controlled schools, should be clear and proactive about the information they will make public.

To do this we have produced a publication scheme, setting out:

- **The classes of information which we publish or intend to publish;**
- **The manner in which the information will be published; and**
- **Whether the information is available free of charge or on payment.**

The scheme covers information already published and information which is to be published in the future. All information in our publication scheme is either available for you on our website to download and print off or available in paper form.

Some information which we hold may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

2. Aims and Objectives

"The aim of this school is to provide a broad-based education necessary for life in an increasingly complex society."

In seeking to fulfil this aim, the school will endeavour to

- Create an information rich learning environment where each student may reach her potential.
- Provide a pastoral care system which gives support and guidance at all times.

- Promote self-confidence, self-respect, self-discipline, self-motivation, initiative and positive attitudes.
- Promote strategies which enable students to develop a language for life and learning.
- Provide a curriculum which affords opportunities for students to develop a range of skills which promotes intellectual, social emotional, aesthetic, spiritual and moral growth.
- Provide guidance which will prepare students for the challenges of changing patterns of work and leisure.
- Forge strong links with outside agencies and with the local community which it serves.

and this publication scheme is a means of showing how we are pursuing these aims.

3. Categories of information published

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

School Prospectus – information published in the school prospectus.

Governors' Documents – information published in the Governors Annual Report and in other governing body documents.

Pupils & Curriculum – information about policies that relate to pupils and the school curriculum.

School Policies and other information related to the school - information about policies that relate to the school in general.
